DON'T LEAVE THE RIVERLAND WITHOUT TRYING THE BEST

## *Eleni's at Mallee Estate*

The Riverland is an extraordinarily productive region with its own distinct flavour, one that isn't always evident when eating out in the area.

If only more places had dishes like the Murray cod with capers at Eleni's, a cellar door restaurant that makes a point of seeking out local suppliers.

Eleni's tells the story of Peter and Eleni Markeas, two young migrants from southern Greece who established a small holding of fruit trees and grapes outside Renmark, eventually producing their own wine under the Mallee Estate label.

Fifteen years ago they opened a cellar door just off the highway and then, in 2017, a restaurant, serving the homely Greek food they grew up with.

Tables are set in a tasting room where

the fluted iron panels and rustic timber suggest bush pub as much as Greek taverna.

That changes with the first bite of a warm pita wedge spread with super-garlicky eggplant dip.

The bulk of the menu is made up of traditional favourites such as spanakopita and chargrilled octopus, while other meats and seafoods arrive on the arm of more fashionable partners.

A special of lamb cutlets, for instance, comes with a splatter of beetroot puree and rocket and fennel salad.

The Murray cod, a perfectly roasted fillet, is enhanced by a saute of chopped tomato and celery, as well as a butter sauce containing plenty of local capers.

Loukaniko sausages are based on an old recipe from Peter, including a hint of Riverland orange. Don't confuse them with "loukomathes", the Greek donuts, this version is so light you'd swear they'd been inflated.

## DID YOU KNOW...

- The Riverland is the largest wine-producing region in Australia, and home to more than 900 wine grape growers.
- The Riverland is home to more than 5400 hectares of citrus trees across 323 orchards.
- The Riverland has more than 11,163 hectares of almond plantings.

# Discover the flavours of the Riverland

The Riverland is a foodie's dream. Here you can find fresh flavours wherever you turn - whether it be a garnish for your drinks, ingredients for a local grazing plate, a dine-in experience, or simply some tastes to take home with you. Alongside many of our favourite tastes, you'll find surprises such as capers, jujubes, dates and persimmons.

**ALMONDS** - If you've ever seen an almond tree blossoming, you'll understand it when we say they're a showstopping sight (late winter/early spring is when they're in full bloom). With the Riverland growing 20% of Australia's almond trees, it's one of the biggest, and most spectacular crops.

**GRAPES** - Vineyards make a picturesque backdrop to much of the Riverland. It's home to 10 major wineries and more than 25 boutique wineries, so it's not hard to spot a reputable estate while cruising through the region. Rare varietal grapes are a Riverland speciality, so if you're after a new style of wine, then this is the place for you.

**OLIVES** - Riverland olive oil has earned its place as a popular ingredient in daily cooking, but what about the olives behind the oil? Olives flourish when there's good drainage and cool winters, with hot dry summers, making the Riverland the ideal place for high-quality, fresh

production, and some of the tastiest little picnic snacks you can imagine. Olives are harvested or hand-picked between April and June.

**CITRUS** - The Riverland is famous for its spectacular citrus crops. Growers have been producing premium fresh fruit here for generations. Juicy oranges are by far the most popular product, with easy peeling mandarin and tangelo varieties growing in popularity. Fresh fruit can be found all over the Riverland. Stop in at a roadside stall, or pick some up at the local deli or supermarket.

**STONE FRUIT** - Rows upon rows of fruit trees are a common sight across the Riverland and among them are the region's premium stone fruit orchards. Take your pick from apricots, nectarines, peaches, cherries or plums - in the fresh or dried variety (and here's a tip from the growers - the sweetest stone fruit is the most colourful).

# History Brought to Life

**Steeped in history, the Riverland gives travellers the chance to immerse themselves in its unique heritage and let their curiosity flow.**

The First Peoples of the River Murray and Mallee have a long connection with the river and the foundation of their existence is inscribed on the landscape. There are significant sites and evidence of the Indigenous way of life remaining around the region today.

In times gone by, the Murray River was a bustling highway for river trade. Experience a slice of the past with the PS Industry in Renmark and the historic Port of Morgan Precinct.

At the time it was opened in 1927, the

Paringa Bridge was one of the most significant early steel bridges in South Australia. The lift span still operates each day at 9:30am and 2:30pm depending on river traffic.

Take a step back in time with a visit to the Loxton Historical Village, where over 45 recreated buildings and exhibits are located on the banks of the Murray River to showcase the stories of the region's early settlers and their families.

Throughout the region, discover a fascinating series of locks and weirs that were installed along the Murray River in the 1920s.

There are six locks in the Riverland between Blanchetown (Lock 1) and Murtho (Lock 6). You'll find interpretative

information at Locks 1-5, along with the barge 'Bunyip' located at Lock 5. Locks 2, 4 and 5 also have free BBQ and picnic areas and if you're lucky, you may even see a boat pass through the lock chamber.

Ferries were used to cross the river as early as the late 1800s and are still in use today. Riverland ferry crossings are in operation at Cadell, Lyrup, Morgan and Waikerie. Each named after a native bird species, they are free to use and operate 24 hours a day.

Many of the region's pubs hold a rich history, including the Historic Overland Corner Hotel. Built in 1859 out of limestone, the hotel is one of the oldest standing structures in the state.

The town of Paringa is a short five-minute drive from Renmark and offers brilliant nature trails for walking and bike riding, along with the picturesque riverside Bert Dix Park. Grab a bite at the local pub or bakery in town and to quench your thirst, head further along to

the Woolshed Brewery in Murtho — a perfect backdrop for a slow afternoon of beer tasting and river gazing.

Taylor Riverfront Precinct

## RENMARK

Renmark lies on a sweeping river bend and has one of the most beautiful and accessible riverfronts on the Murray. With an abundance of wetlands and backwaters just upstream from the town, it's a gem just waiting for you to explore.

Along the riverfront, the Matulick Riverfront Trail is an ideal way to familiarise yourself with the town. Renmark is home to an eclectic events scene, including the Riverland Dinghy Derby. It's also a popular destination for houseboat holiday seekers and RV travellers, seeking a diverse landscape and long stretches of river frontage. Take a trip down memory lane and visit the Paddle Steamer Industry, moored at the Renmark riverfront or take a cruise on one of their regular steaming days.

The popular Twenty Third Street Distillery offers gin tastings, a contemporary food menu, gin blending and cocktail mixing masterclasses while Rustons Distillery offers gin tastings amongst lush rose gardens.

Indulge in authentic Greek cuisine at Eleni's Restaurant at Mallee Estate Wines, who also offer tastings and tours of their winery.

In the town centre, choose from a range of cafés, eateries and restaurants with standouts including Arrosto Coffee in the old Renmark fire station, the newly renovated Hotel Renmark and the Renmark Club overlooking the riverfront.

## PARINGA

Named by the local traditional owners to mean "big bend in the river", Paringa lies between the Murray River and local backwaters. The town is marked by the Paringa Bridge, which can be raised and lowered to allow houseboats to pass. The Paringa Paddock Trail is a network of walking and bike trails that will allow you to soak up nature's sights and sounds including river scenery with plenty of opportunities to spot local wildlife.

The town centre offers a pub, bakery, general store and antique shop. Accommodation options include houseboats, motel rooms, a caravan park and PS Julie Fay B&B, while the jewel in the crown is The Frames, super luxurious self-contained retreats with a myriad of bespoke experiences including sunset cruises and food safaris.

Just out of Paringa is the Woolshed Brewery where you can try their range of craft drinks including beer, coffee stout and hard lemonade on the deck overlooking the river. A must-stop is Headings Cliff, one of the best spots to view the river from above.

# TOP TRAVEL

# tips

## PLAN AHEAD

Allow as much time as possible to explore the Riverland, book your accommodation in advance and head to [visitriverland.com.au](http://visitriverland.com.au) to start your planning.

## LEAVE FRUIT AND VEGGIES AT HOME

The Riverland is a **fruit fly free zone** and we want to keep it that way! To find up-to-date information on current fruit fly restrictions head to [fruitfly.sa.gov.au](http://fruitfly.sa.gov.au) or call the fruit fly hotline on **1300 666 010**.

## WATCH FOR ANIMALS ON THE ROAD

Animals can come out of nowhere! Keep your eyes peeled, especially after dusk or before dawn — apply brakes gently, don't swerve as this can be very dangerous.

## WATER SAFETY

Water safety is paramount in and around the Murray River, its backwaters and Lake Bonney. Please understand and be aware of the dangers. It is also strongly recommended to wear personal flotation devices.

## VISIT A VISITOR INFORMATION CENTRE

Talk to a passionate local.

## MINIMISE YOUR ENVIRONMENTAL IMPACT

Nature can be very delicate including our beautiful Murray River, so please be as eco-friendly as possible.

Keeping waterways clean is important to us all, so please discharge your waste appropriately.

Don't leave rubbish behind and ensure no trace of your visit remains when you depart.

Do not remove plants or animals and treat our environment with care and respect.

## KEEP THAT CARP

European carp are a common and invasive species in the river and cannot be thrown back in once caught, or a fine will apply. Significant works are being undertaken to manage carp in the river and regenerate our native species of fish for us all to enjoy. If you are keen on carp fishing, the SA Carp Frenzy held on Lake Bonney might be a great reason to visit!

## DON'T WALK AMONGST THE VINES

Soil borne pests and diseases are easily transferred by shoes and an outbreak could seriously damage the Riverland's wine industry. If you are joining a vineyard tour, please follow your guides instructions closely. If you are not on an organised tour, please don't walk amongst our vines.

## FIRE DANGER

Fire season generally runs from 15 November to 15 April, when there are strict conditions on lighting fires. On Total Fire Ban Days all fires are banned, including campfires. On days of high-fire danger know your risk and have a plan to stay safe. Download the Country Fire Service (CFS) App or use the CFS Facebook page to stay informed. Observe daily weather forecasts and Fire Danger Ratings and listen for warning messages from the CFS on local radio stations.

Bushfire safety information is available by contacting the Bushfire Information Hotline on 1300 362 361 (TTY 13 36 77) or visit [cfs.sa.gov.au](http://cfs.sa.gov.au)

# RV Parks & Public Campgrounds

It simply does not get any better than waking up to uninterrupted views of the Murray River from a riverbank campsite, having a front row seat to the spectacular sunsets over Lake Bonney or a quiet, secluded spot to camp under the stars.

Across the Riverland we're lucky to boast a large array of low cost or free RV parks and campsites that offer

you these unique options, plus many more! Choose a site to base yourself while exploring the extensive range of attractions and experiences spread throughout the region or simply take time to relax before continuing onto your next destination.

The region's RV parks and campgrounds are proudly presented and maintained by local councils with each offering a

varying range of basic facilities including toilets, BBQs, picnic areas etc. Some sites cater for fully self-contained vehicles only, while others offer camping as well.

Whether you are planning a road trip with no end date or a quick overnight stopover, there are plenty of sites that offer the river experience you may be seeking.

Wentworth is also home to the breathtaking Perry Sandhills, in places up to 12 metres high and spanning 400 acres, a great day of free entertainment for the family.

From the city to the outback, there is something for everyone. Find a secluded spot beside the river, watch the sunset and then wait for the magical star show to begin. Get up the next morning and watch the sunrise Mallee style.
